We acknowledge the School Standards and Framework Act 1998 that clearly states that all maintained schools must have in place an Anti-Bullying Policy that outlines procedures in order to prevent bullying among pupils.

We will ensure all school personnel are aware of this policy and that it is a working document referred to when dealing with incidents of bullying.

We have a duty of care to protect pupils from bullying as part of our responsibility to provide a safe, secure, caring and friendly school environment for all the children in order to protect them from those who wish to deliberately hurt them either physically or emotionally. We believe all our safeguarding procedures are in line with current legislation and advice and that we promote the welfare of all children in our care.

We believe 'bullying is behaviour by an individual or group, repeated over time, that intentionally hurts another individual or group either physically or emotionally. Bullying can take many forms (for instance, cyber-bullying via text messages, peer-on-peer, social media or gaming, which can include the use of images and video) and is often motivated by prejudice against particular groups, for example on grounds of race, religion, gender, sexual orientation, special educational needs or disabilities, or because a child is adopted, in care or has caring responsibilities. It might be motivated by actual differences between children, or perceived differences' (DfE).

We work hard to eliminate all forms of bullying, to keep records of all incidents of bullying and the different types of bullying that occur in this school.

We acknowledge that if bullying is left unaddressed it 'can have a devastating effect on individuals. It can be a barrier to their learning and have serious consequences for their mental health' not only in childhood but also into adulthood.

We are aware that bullying can cause anxiety, depression, hyperactivity and behavioural problems but the results from recent research show that anxiety and depression caused by childhood bullying decreases over a period of time. Bullying does cause suffering but the impact on mental health decreases over time, so that children are able to recover in the medium term. Research results also show the potential for resilience in children exposed to bullying.

We work hard to prevent bullying from happening and to support children who have been bullied by having in place resilience processes in order to help their recovery.

We believe it is our moral and legal duty to protect lesbian, gay, bisexual, transgender pupils and school personnel from all forms of bullying and to educate all pupils about the important role that lesbian, gay, bisexual, and transgender people play in society. All forms of homophobic and transphobic bullying must be challenged, dealt with and recorded.

We believe by creating a safe, secure and caring school environment we will encourage all pupils to report any incident of bullying to a member of the school personnel.

We are aware that under Sections 90 and 91 of the Education and Inspections Act 2006 that we have the power to discipline pupils for misbehaving off the school premises such as on

school or public transport, outside local shops or in a town or village centre. All reported incidents of bullying outside school will be investigated and acted on.

Under no circumstances will we tolerate any form of bullying and all incidents of bullying will be dealt with promptly and effectively as we wish to promote the wellbeing of all pupils.

We work hard to demonstrate the effectiveness of this policy by ensuring all incidents of bullying are investigated, are dealt with and the outcome of each incident.

We wish to work closely with the School Council and to hear their views and opinions as we acknowledge and support Article 12 of the United Nations Convention on the Rights of the Child that children should be encouraged to form and to express their views.

We as a school community have a commitment to promote equality. Therefore, an equality impact assessment has been undertaken and we believe this policy is in line with the Equality Act 2010.

We believe it is essential that this policy clearly identifies and outlines the roles and responsibilities of all those involved in the procedures and arrangements that is connected with this policy.

Following KCSIE 2021, we are aware of the growing issues around online bullying and peer to peer. We recognise that that even if there are no reported cases of online peer-on-peer abuse, such abuse may still be taking place and is simply not being reported.

ISL has a zero-tolerance approach to all peer-on-peer abuse, which we do not accept in any manifestation. Peer-on-peer abuse should never be passed off as “banter”, “just having a laugh”, “part of growing up” or “boys being boys” as this can lead to a culture of unacceptable behaviours and an unsafe environment for children.

Staff are expected to be cognisant of, and vigilant in reporting, the different forms peer on peer abuse can take (see below). Manifestations of such abuse include:

- Bullying, including cyber-bullying, prejudice-based and discriminatory bullying
- abuse in close or intimate personal relationships between peers
- consensual and non-consensual sharing of semi-nude and nude images and/or videos (referred to in previous guidance as sexting or youth produced sexual imagery).
- upskirting (now noted as a criminal offence)

At ISL London, Safeguarding and promoting the welfare of children is everyone’s responsibility. Everyone who comes into contact with children and their families has a role to play. In order to fulfil this responsibility effectively, all practitioners should make sure their approach is child-centred. This means that they should consider, at all times, what is in the best interests of the child.

At ISL London, Safeguarding and promoting the welfare of children is everyone's responsibility. Everyone who comes into contact with children and their families has a role to play. In order to fulfil this responsibility effectively, all practitioners should make sure their approach is child-centred. This means that they should consider, at all times, what is in the best interests of the child.
